THRU-BLADE / POZIDRIV / TORX

Snap-on INDUSTRIAL BRANDS

XHD POZIDRIV® SCREWDRIVERS W/HEX BLADES & BOLSTERS

Premium Comfort Grip Handles and Blades

Product Code	Overall Length (Inches)	Blade Length (Inches)	Point Size
040.001.100	8 1/2	4	#1
040.002.125	10	5	#2
040.003.150	11 1/2	6	#3

Features

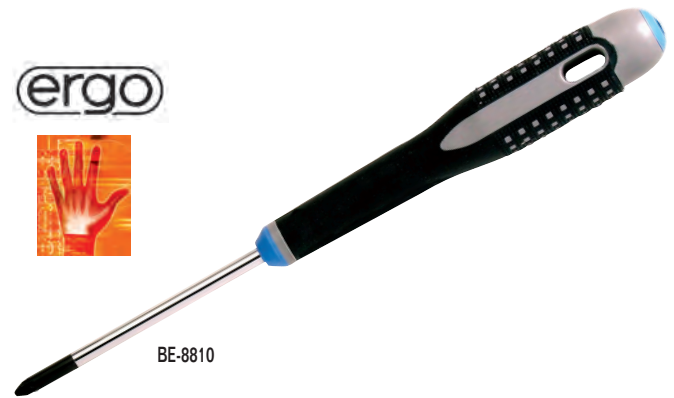

- Metal striking cap at top of handle gives ultimate protection during jobs requiring high impact and added force
- Thru-Blade shank continues through the handle before contacting the metal striking cap for ultimate strength
- Elastomer surface and double shaped handle for added comfort and maximum turning power
- Rudolite® plastic provides high impact resistance to the tool and a perfect joint between the handle and shank
- Black oxide tips prevent chipping of chrome to reduce possible contamination at work location
