

JLH-600WO-15 6 Ton Lever Hoist, 15' Lift with Overload Protection

Product Images

Description

JET® JLH Series Lever Hoists incorporate safety, durability, and heavy duty construction for operation in severe industrial environments. Safety comes standard with features such as slip clutch style overload protection, which prevents the Lever Hoist from lifting or pulling damaging loads beyond its rated capacity. Our lightweight design, shorter handle, and smaller body are ideal for confined areas and low headroom applications. Backed by a lifetime replacement warranty, JET's revolutionary single-piece brake design fuses the three components into the safest brake system in the market. The JET® JLH Series is available in ¼ ton to 9 ton capacities, with standard lifts of 5, 10, 15, and 20 feet (custom lifts available). Whether it's inverted, vertical, horizontal, or any other load angle, the JET® JLH Lever Hoist is the solution for your heavy-duty industrial needs.

Additional Information

SKU	376602
Headroom (in.)	21-1/4
Capacity (Lbs.)	13860
Lift (Ft.)	15
Load Capacity (Tons)	6
Load Chain Dimensions dia/mm)	10 x 28
Prop 65	Cancer and Reproductive Harm
Weight (Lbs.)	88
Lever Length (in.)	16-1/3
Lbs. of Pull to Lift Capacity	84.0000
Ship Yard Hooks	NO
