17942	22" / 56CM	Hi-vis Lime

The ProFlex® 7941 Hi-Vis Cut-Resistant Protective Arm Sleeve offers ANSI level 4 cut protection with breathable, moisture-wicking materials. This A4 cut-resistant Sleeve is an innovative, first-of-its-kind sleeve that provides protection from cuts and slashes while incorporating moisture-wicking fibers to keep workers cool.

### Features

- CUT PROTECTION – TenaLux™ yarn provides ANSI A4 Cut Protection without fiberglass or steel
- MOISTURE WICKING – Fibers wick sweat away from the skin for dry comfort
- COOL TO THE TOUCH – TenaLux™ yarn combined with moisture-wicking fibers lead to the coolest feeling cut-resistant sleeve on the market
- ADJUSTABLE FIT – Features an adjustable hook and loop strap to tighten fit on upper arm/bicep and thumb hole to keep the sleeve in place for maximum protection
- HI-VIS COLOR – Increased visibility and safety
- Patent pending

### Application

- Construction
- Demolition
- Glass handling

#### WICKING AND BREATHABLE

TenaLux™ yarn offers cool-to-the-touch comfort and cut protection without irritating glass or steel fibers

#### STAY-PUT THUMBHOLE

Integrated thumbhole keeps sleeve in place for coverage and better protection
