

SKULLERZ®

8801

PLEATED FACE COVER MASK

The Skullerz® 8801 Pleated Face Cover Mask is intended to decrease the spread of Covid-19 by reducing dispersion of droplets when talking, coughing or sneezing. This breathable face mask is made of cotton twill and soft polyester mesh, meeting both CDC and WHO recommendations for multiple layers of protection. The internal mesh has an antimicrobial treatment that kills odor-causing bacteria. This cotton face mask stretches vertically to fit a broad range of face shapes and size, and an adjustable nose clip and ear loop sliders enable a comfortable and custom fit.

Features

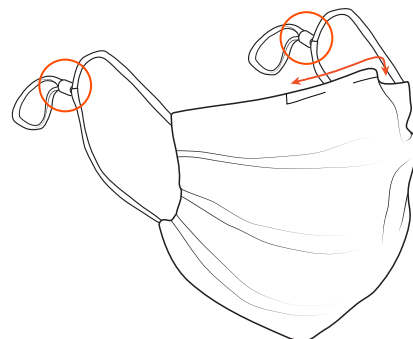

- TWO-LAYER – 100% cotton twill exterior and 100% polyester internal mesh for soft, breathable protection
- PLEATED DESIGN – Stretches vertically to fit securely over a range of face shapes and sizes
- ADJUSTABLE NOSE CLIP – For secure, comfortable fit and reduced fog when wearing eyewear
- EAR LOOP SLIDERS – Covered elastic with adjustable slider for comfortable, custom fit
- ANTI-ODOR – Internal mesh treated with antimicrobial Microbial Z06 kills odor causing bacteria
- REUSABLE – Machine washable and dryable for easy cleaning after each use
- ONE SIZE FITS MOST
- MULTI-PACK – Includes twelve (12) face masks
